Foreword

This Compliance pack has been created to enable the customers of Slicker Recycling Limited to conduct a 'desktop' compliance study, thereby executing reasonable Duty of Care obligations with regard to the responsible and appropriate recycling arrangements for their hazardous waste streams.

This pack is not intended or inferred to be a substitution for a formal Duty of Care audit, which requires a visit to the waste management facility, but nonetheless should give comfort to the hazardous waste producer / consignor that their wastes are being dealt with in a professional and compliant manner.

This pack includes relevant environmental and quality assurance certification, together with other useful data. If you require further specific and appropriate information, such as Slicker Recycling Limited waste facility permits or licenses. you can contact the team on the email below.

Occupational Health & Safety Policy

Slicker Recycling Limited, accept our responsibility to ensure, so far as is reasonably practical, to offer a safe and healthy working environment for our employees and those affected by our business operations. In addition to our statutory obligations we will seek to prevent ill health, injury damage and loss resulting from our operations and activities.

Occupational Health and Safety is an integral part of our business activities, and performance in this area ranks equally with the other company objectives such as those for business development, quality and the environment.

We recognise the benefits of continuous improvement and the business have incorporated OHSAS 18001 into our overall management system.

Our commitment will be demonstrated by achieving the following:

- **Compliance** with regulation, statutory guidance and OH&S improvement drivers such as our H&S Management System, OHSAS 18001: 2007; including the migration to ISO 45001:2018 during 2021;
- **Continuing to Develop** the H&S system to improve our understanding of our practical business risks and help develop clear objectives and targets with which to benchmark and to measure our business performance;
- **Identification of Significant Hazards and Risk** for all activities, and specify control measures and actions to reduce risk and improve business performance, if possible, by hazard elimination; as well as managing and controlling the impacts of the COVID-19 pandemic;
- **Monitor the health and wellbeing** of high-risk employees to aid the identification and prevention of ill health;
- Ensure, suitable procedures, method statements, and risk assessments for the safe; handling, packing and transportation of hazardous substances are in place and used;
- **Provide and Maintain** plant, equipment and systems of work that are safe;
- **Clearly assign responsibility**, to appropriate personnel, to monitor compliance with this policy and associated procedures;
- **Provide sufficient direction**, supervision, information and instruction to ensure the delivery of our OH&S objectives for our employees, contractors and anyone else who may be affected by our operations or activities;
- **Investing** in employees at all levels to ensure they are suitably trained and competent to carry out their duties and enhance personal and professional capabilities which benefit OH&S business performance;
- **Involve and consult** employees on our OH&S performance, to encourage commitment and understanding for the benefit of the business and its customers, by using toolbox talks, training courses and H&S meetings;
- **Provide necessary and adequate resources**, both financial and human, to ensure the full implementation of this policy;
- **Maintain and display** the OH&S Policy;
- **Measuring** the effectiveness of the implementation of the OH&S Policy by regular; audit, review and reporting on our performance, implementing any corrective action promptly in respect of continual improvement;
- **Ensure** all accidents, incidents, near misses and dangerous occurrences are documented, investigated and remedial action agreed and undertaken, with learning and prevention used as key drivers for business improvement.
- **Review** this policy during Management Reviews to ensure it and the supporting H&S Management System remains relevant, appropriate and effective for the organization's needs.

Slicker Recycling Limited encourages all employees to become actively involved and to co-operate in the effective implementation of this policy to ensure success in achieving our targets.

Mark Olpin

Environmental & Sustainability Policy

Slicker Recycling Limited, recognise and accept our responsibility to ensure the protection and conservation of eco systems, the environment and promotion of biodiversity when developing our business model. In pursuing this we are dedicated to performing our activities using sustainable criteria and solutions to ensure that wherever possible waste is reprocessed to product status in accordance with the developing Circular Economy and existing Waste Hierarchy requirements.

We are committed to protecting the environment and preventing pollution. We recognise the impact that our activities have on the environment and are committed to minimising any adverse effects including the use of high efficiency vehicle routing and the supply of low carbon footprint fuels which also aid our customers in reducing their environmental impact by up to 95% compared with the use of virgin fuels.

Environmental sustainability and efficient performance are integral parts of our business activities, where good performance in this area ranks equally with the other company objectives such as those for business development, quality and occupational health and safety.

Our commitment will be demonstrated by achieving the following:

- **Compliance**, with all relevant statute, key environmental improvement drivers such as our Environmental Management System, ISO 14001:2015 and the Waste Hierarchy compliance where we are a market leader;
- **Identification** of Significant Aspects and Impacts for all activities, and specify and implement resultant control measures in order to eliminate or minimise the potential for pollution and environmental impact;
- **Protection** of the environment and prevent pollution risk related to the activities of ourselves and our customers by managing, monitoring and maintaining pollution prevention infrastructure e.g. interceptors;
- **Reducing** environmental nuisance, energy consumption and preserving natural resources;
- **Ensuring** suitable arrangements for the handling, storage and transportation of hazardous substances to prevent pollution are present and implemented.
- **Design**, select, use and install new plant and equipment with consideration to reuse and sustainability factors to minimise the overall impact on the environment.
- **Invest** in technologies which offer our customers reduced environmental impact and hence sustainable improved environmental performance.
- **Clearly assign** responsibility, to appropriate personnel, to monitor compliance with this policy and associated procedures.
- **Provide** sufficient supervision, information and instruction to ensure the protection of the environment as it may be affected by our operations and activities.
- **Ensure** employees at all levels are suitably trained and competent to carry out their duties and responsibilities.
- **Develop** our employees to enhance personal and professional capabilities which benefit them and apply sustainability criteria.
- **Involve and consult** employees on our impact and sustainability matters, to encourage commitment and understanding.
- **Provide** necessary and adequate resources, both financial and human, to ensure the full implementation of this policy.
- **Maintain and display** this policy, setting auditing and reviewing performance against objectives.
- **Regularly review and report** on our sustainability performance, implementing any corrective action promptly in respect of continual improvement.
- **Review** the policy during Management Reviews to ensure it and the supporting Environmental Management System remains relevant, appropriate and effective for the organisation's needs.

Slicker Recycling Limited encourages all employees to become actively involved and to co-operate in the effective implementation of this policy to ensure success in achieving our targets.

Mark Olpin

Quality Policy Statement

Slicker Recycling Limited, accept our responsibility to ensure the products we manufacture and supply meet or exceed our customers' expectations. To ensure we deliver on this commitment by the use of rigorous Quality Control systems including; UKAS laboratory testing and certification of materials in accordance with the end of Waste Quality Protocol, which is independently verified by UKAS and the Oil Recycling Association (ORA) inspections.

As the UK market leader in the collection of oil and garage service sector wastes, Slicker Recycling take pride in recycling or recovering over 90% of the waste delivered to our facilities. We are committed to supplying our partners with waste oil that can be re-refined to base oil for use in new lubricant products.

We recognise the benefits of continuous improvement and the use of an external UKAS certified Quality Management System accredited to ISO 9001: 2015 confirms this commitment.

Our commitment will be demonstrated by achieving the following:

- **Compliance**, with quality improvement drivers such as our Quality Management System (QMS), ISO 9001: 2015 and the Quality Protocol compliance where we are a market leader;
- **Continuing to develop** the Quality Management System to refine clear objectives and targets with which to measure our business performance;
- **Identification of areas to be improved** for all our activities focused on actions to develop business performance for the benefit of our customers;
- **Enhancing customer satisfaction** by adapting our services to changing customer needs and expectations;
- **Delivering a polite, efficient and professional service** to our customers in a timely and cost-effective manner;
- Ensuring, procedures, method statements, and risk assessments for the safe; handling, packing and transportation of hazardous substances are in place and used;
- **Provide and maintain** plant, equipment and systems of work that are reliable and offer confidence to operators and clients;
- **Clearly assign responsibility**, to appropriate personnel, for monitoring of compliance with this policy and associated procedures;
- **Provide sufficient direction**, information and instruction to ensure the delivery of our quality objectives for our employees, contractors and anyone else who may be affected by our operations or activities;
- **Investing** in employees at all levels to ensure they are suitably trained and competent to carry out their duties and enhance personal and professional capabilities which benefit quality of business performance;
- **Involve and consult** employees on our impact and quality matters to encourage commitment and understanding for the benefit of the business and its customers;
- **Provide necessary and adequate resources**, both financial and human, to ensure the full implementation of this policy;
- **Maintain and display** the Quality Policy.
- **Measuring** the effectiveness of the implementation of the Quality Policy by regular; audit, review and reporting on our quality performance, implementing any corrective action promptly in respect of continual improvement;
- **Ensure** all queries and complaints are logged and investigated with the stakeholder responded to in a polite and timely manner;
- **Review** the policy during Management Reviews to ensure it and the supporting Quality Management System remains relevant, appropriate and effective for the needs of the organisation.
- **Design** the scope of the organisation's Quality Management System does not include design, focusing on the supply of products and services in accordance with our business plan.

Slicker Recycling Limited encourages all employees to become actively involved and to co-operate in the effective implementation of this policy to ensure success in achieving our targets.

Mark Olpin
Managing Director
Slicker Recycling Limited
Date 15th July 2020

Human Rights & Anti-Slavery Policy

Slicker Recycling Limited believes that respect for human rights is fundamental to the sustainability of our business and the communities in which we operate. We are committed to ensuring that people are treated with dignity and respect.

This policy is guided by international human rights principles encompassed in the Human Rights Act, Universal Declaration of Human Rights, the United Nations Global Compact and the United Nations Guiding Principles on Business and Human Rights.

This applies to all Slicker Recycling Limited operations and our use of sub-contractors and contractors.

Our commitment will be demonstrated by achieving the following:

- **Identify, Prevent and Mitigate** adverse human rights impacts resulting from, or caused by, our activities before they occur, or if they occur through due diligence and mitigation processes.
- **Communication and Engagement** play a significant part in ensuring the views of those employed or affected by our activities are heard, their views are considered, and action is taken where appropriate. Encouraging open and honest discussion is vital in developing trust, goodwill and delivering improvement by local empowerment where possible.
- **Valuing Diversity** ensures we recognise the contributions of those we work with, in the greater community. We will not tolerate discrimination and intolerance and have provided an equal opportunity workplace for all.
- **Dedication** to ensuring our workplaces are free from discrimination, harassment based on; sex, race, colour, national or social origin, religion, age, disability, sexual orientation, political opinion. Our recruitment policy is based upon the ability to do the task by demonstrating; educational and vocational achievement, skills and experience.
- **Respecting** personal beliefs, freedom of religion, fairness and tolerance are requirements of our employees and those with which we trade.
- **Freedom** to be a union employee without fear of reprisal, intimidation, harassment or blacklisting and the ability to hold a constructive dialogue with chosen representatives in good faith.
- **Maintenance** of a safe and healthy working environment (as defined in our Occupational Health and Safety Policy) ensuring as a minimum, compliance with all relevant statute. Dedication to maintaining a productive workplace by minimising the risk of accidents and incidents, which, coupled with ease of reporting near misses, enable hazard identification, evaluation and elimination of potential risks of undesirable events, so making work safer.
- **Workplace Security** is critical to ensuring the wellbeing of our staff. We operate access systems to our sites and encourage the reporting of issues, supplemented by the use of electronic or other means of contacting our support network in the event of a security emergency arising.
- **Prohibition** of the use of forced labour, slave labour, child labour and any form of human trafficking. We operate with contracted employees aged over 18 years at all of our facilities and workplaces.
- **Ensuring** that the Company compensates employees competitively relative to the industry and local labour market. We operate in full compliance with applicable wage, hours of work, overtime and employment benefit laws.
- **Provision of Guidance** for employees relating to potential breaches of this policy and secure reporting lines to senior employees independent of existing organisational structures, where confidential discussions can be offered. Key contacts;
 - Alex Lyall alex.lyall@slickerrecycling.com HR Manager or
 - Steve Chalupka steve.chalupka@slickerrecycling.com Health, Safety, Environment and Quality Manager
- **Reviewing** the policy during Management Reviews to ensure it remains relevant, appropriate and effective for the organisation's needs.

Slicker Recycling Limited encourages all employees to become actively involved and to co-operate in the effective implementation of this policy to ensure success in achieving our targets.

We hereby certify that the policy to which this Certificate relates satisfies the requirements of the relevant law applicable in Great Britain, Northern Ireland, the Isle of Man, the island of Guernsey, the island of Jersey and the island of Alderney. **Note:** For full details of the insurance cover reference should be made to the Policy.

Advice to Third Parties: We hereby certify that the policy to which this Certificate relates satisfies the requirements of the relevant law applicable in Great Britain, Northern Ireland, the Isle of Man, the island of Guernsey, the island of Jersey and the island of Alderney.

The insurance evidenced by this Certificate of Motor Insurance extends to include the compulsory motor insurance requirements of

- a) any other member country of the European Union;
- b) Iceland, Norway and Switzerland.

La police à laquelle ce certificat d'assurance automobile est applicable, inclut également les exigences obligatoires en matière d'assurance automobile

- a) des autres pays membres de la Union Européenne;
- b) l'Islande, la Norvège et la Suisse.

Die Police, auf welche sich dieser Kraftfahrzeugversicherungsschein bezieht, deckt ebenfalls die Anforderungen der obligatorischen Kraftfahrzeugversicherung

- a) aller anderen Mitgliedsstaaten der Europäischen Union;

Instructions in the event of an accident

You should

1. take names and addresses of all witnesses;
2. report the accident to the office issuing this Certificate (see overleaf) or if this is not practicable, to the nearest office (see Telephone Directory) quoting the Certificate Number;

La polizza comprovata dal presente certificato di Assicurazione Automobilistica si estende ad includere l'assicurazione automobilistica obbligatoria:

- a) di qualsiasi altro paese membro della Unione Europea;
- b) dell'Islanda, della Norvegia et la Svizzera.

La póliza aplicable a este Certificado de Seguro de Automóvil se extiende para incluir los requerimientos de seguro de automóvil obligatorios en:

- a) Cualquier otro país miembro de la Union Europea;
- b) Islandia, Noruega y Suiza.

3. If your policy is comprehensive put us in touch with your garage; if your vehicle is in use tell us when and where you intend taking it for repair;

4. send all communications you receive relating to claims or proceedings against you, unanswered, to the office with which you normally deal quoting, if known, the claims reference.

IMPORTANT

The Law requires:

1. unless names and addresses, including those of the vehicle owner, together with the registration mark of the vehicle are exchanged at the time of the accident the driver must report it to the Police as soon as possible and in any case within 24 hours;
2. if anyone was injured and the Certificate of Insurance was not produced to the Police at the time of the accident, the driver must report the matter to the Police as soon as possible and in any case within 24 hours and produce the Certificate (or arrange to produce it within five days of the accident).

You should not

1. admit any liability;
2. negotiate or make any agreement with anyone regarding your responsibility for the accident;
3. make or offer any payment whatsoever to any Third Party, if in doubt – consult us;
4. repudiate a claim without our agreement; this may result in Court Action against you by the other party
